

The Million Doodle March

March 29, 2009

International FUNdraiser

On March 29, individuals from across North America are lobbying for a cause they truly believe in. An issue yet to be answered.. but often in heated debate. A decision that President Obama will be responding to in the coming weeks, which will be highly anticipated. This will not address the economy, the war, or global warming... but for many people takes on its own personal significance. What type of dog will be the First Dog of his administration? On March 29, Doodle owners (and their dogs and friends) from across North America have joined forces for the first ever **MILLION DOODLE MARCH**. This passionate event will make it clear, that Doodle owners want their voices heard.

Join friends of **MATILDA FIRST DOG, BOCKER THE LABRADOODLE AND ARBO** for the **MILLION DOODLE MARCH**...a dog-a-thon walk throughout the United States and Canada.

You don't have to be a doodle to walk and you don't have to leave your home town in order to participate in this international event...but walk your dog for your favorite charity, get sponsors, or just walk yourself for a cause.

This **MILLION DOODLE MARCH** will also act as an International FUNdraiser...a "dog a thon".. a walk for a cause to benefit **The Autism Connection**

and **National Service Dogs (Canada)** (www.nsd.on.ca). and **the Humane Society**.

Fundraising pledged to walkers will benefit their own chosen local charities.
